President Wilson Wants Permission
to Exercise Such Authority as
is Necessary in Crisis

ADDRESSES JOINT SESSION

Declares War Can Come Only by the
Wilful Acts and Aggressions
of Other Nations

HE WILL NOT CHOOSE WAR

Is Foolish to Deny That Situation
is Fraught With Gravest Pos-
sibilities and Dangers

(By United Press.)

Washington, Feb. 26.—President Wilson today appealed to a joint session of congress for permission to arm American merchantmen to establish an "armed neutrality and for full and immediate assurance" that he may exercise such authority as he deems necessary to handle the German-American situation.

Declaring that he is "the friend of peace and means to preserve it for America," as long as he is able, the president emphasized the fact that he neither asks nor contemplates a step which might bring war through the action of this country. He declared that war could only come through an act of Germany.

"No course of my choosing will lead to war," he said. "War can come only by the wilful acts and aggressions of others."

"But," he added, "we must defend our commerce and the lives of our people."

He emphasized that while he may now have full power to take what steps are necessary, he desires that congress "by its own vote" show that it is behind him in whatever he may decide is necessary.

While he asks specifically for power to arm ships, he said he could not be any more specific since he can only decide as the situation develops what specific thing should be done.

The president also asks "a sufficient credit to enable me to provide adequate means of protection where they are lacking, including

IS BIGGEST LINER TO BE SUBMARINE VICTIM

Cunard Liner Laconia of 18,099 Tons
is Sunk Without Warning Off
Irish Coast Sunday Night.

SIX AMERICANS ON BOARD

(By United Press.)

London, Feb. 26.—The 18,099-ton liner Laconia fell victim today to the German submarine warfare, being torpedoed without warning off the Irish coast. The vessel was enroute from New York to England.

The Laconia is the biggest victim of the German submarine warfare since the new decree was announced. Six Americans were aboard the vessel. Two hundred and seventy-eight passengers aboard the liner were rescued.

The Cunarder carried mail from America. She was torpedoed Sunday night. Another steamer rescued her passengers. A majority of the survivors are expected to land at Queenstown.

20 AMERICANS IN CREW.

(By United Press.)

New York, Feb. 26.—A cable message to the Cunard line this afternoon told of the sinking of the Laconia and said one life was lost. There were more than 20 Americans in the crew of the Laconia.

\$8,000 TAXES PAID IN DAY

Taxpayers Rush to Treasurer's Office
to Dodge Assessors

Collections at the treasurer's office Saturday amounted to \$8,000. The office has been exceedingly busy the past week and with only two days remaining before the assessors start work a record for tax collections at this early date promises to be established. Many of the large tax-payers have taken advantage of this opportunity to dodge the assessor. The money paid in taxes comes from the bank and by paying at this time they do not have to pay taxes on the money.

BODY OF RUSSELL HILBERT IS EXHUMED

Fayette County Coroner Says He
Wishes to be Certain Before
Charges Are Filed.

MORE TESTS WILL BE MADE

The body of little Russell Hilbert, who died suddenly one week ago Saturday, was exhumed Sunday and other of the vital organs were sent to Indianapolis for additional chemical tests in an effort to secure additional information as to the cause of his death.

The contents of the stomach showed signs of strychnine. It is stated that one of the tests conducted showed strychnine poisoning very clearly but a second test was not so positive. The exhumation was in charge of Coroner Cooper of Fayette county and Dr. W. R. Philips of Orange.

Dr. Cooper stated that he desired to be absolutely certain of his ground before filing charges. In the meantime the boy's father, Herman Hilbert and his step-mother, Mrs. Lillian Hilbert, are still in the Fayette county jail, being held without charges.

HELD FOR TURNING IN FALSE FIRE ALARM

James George, on Parole From Re-
formatory, Admits Guilt; Glad-
stone Clevenger is Freed

COURT TO ATTEND TO CASE

With the arrest Saturday night of James George and Gladstone Clevenger, both about 17 years old, the police believe they are about to succeed in breaking up the practice of turning in false alarms. The two boys were arrested shortly after a false alarm had been turned in from box No. 142, corner of Eighth and Jackson street. The alarm was sounded shortly after ten o'clock Saturday night.

The boys were kept separated and after a long grilling George admitted pulling the box. The Clevenger boy maintained from the start that he urged George not to turn in the alarm. For a long time the George boy denied all knowledge of the offense and finally when brought face to face with the story of the Clevenger boy, admitted his guilt.

The Clevenger boy was released for the time being and George was sent back to jail. He is out under parole from the state reformatory at Jeffersonville and the attention of the court officials will be called to his case, which will probably result in his being sent back to Jeffersonville.

Miss Lois McIntosh of Crawfordsville has accepted a position as maker in the Frazier Millinery store.

The members of the Rebekah lodge will meet at the home of Mrs. Andrew Moore in West Fifth street Tuesday afternoon at one-thirty to attend the funeral of Mrs. James Vance.

IS KILLED WHILE RIDING A FREIGHT

Louis Black, Age 22, Dies Instantly
When he Falls Under Wheels of
Big 4 Train at Milroy

COMING FROM GREENSBURG

Several Cars Pass Over His Body
Before Companions are Able to
Signal Train to Stop

Louis Black, 22 years old, was killed instantly last night when he fell under the wheels of a Big Four freight train on which he was riding, in company with nine or ten companions, from Greensburg to this city. The fatal accident occurred in Milroy just north of the depot.

He was sitting on the edge of a car of coal and when the train gave a sudden lurch forward, lost his balance and fell under the wheels. The accident occurred between 6:30 and 6:45 o'clock. Some of his companions succeeded in stopping the train, but not until eight or nine cars had passed over his body.

The body was horribly mangled, being cut in two just above the hips. One part was carried down the tracks a distance of twenty-five feet. One of the young men with Black saw him start to fall and made an effort to grab him but was not successful. The train in going through Milroy had slowed down slightly and after passing the station started to speed up. In doing this the train jerked and Black fell under the wheels.

The young men had gone to Greensburg earlier in the afternoon on a freight train. It was stated today that this custom had been followed for some time.

Louis Black was well and favorably known to a large circle of friends here. His untimely death is the sadder because he was the main support of his widowed mother and family. Two of his sisters are ill with typhoid fever. He had been employed in local factories for several years and will be remembered by many as having driven the Innis-Pearce ice truck one summer.

He was a son of the late Charles Black and is survived by his mother, Mrs. Daisy Black, three sisters and two brothers. He was a member of the Red Men lodge and members of the order went to Milroy last night on receiving word of the accident. The remains were taken to the Anderson undertaking parlors in Milroy and later brought to the George C. Wyatt and company store after being released by Coroner Green.

The funeral services will be conducted Wednesday afternoon at two o'clock in the First Presbyterian church and burial will take place in East Hill cemetery. The remains will be removed to the late residence, 220 North Spencer street tomorrow morning and friends may call any time after tomorrow noon.

IS WITH MINSTREL SHOW

J. Walter Wilson in Al G. Fields
Company at Indianapolis.

Rushville people who saw Al G. Fields' minstrel show at English's theater in Indianapolis the last three days of last week report that J. Walter Wilson, formerly of this city, is with the show. Mr. Wilson opens the show with a short talk giving a brief history of minstrelsy. He is also on the program to sing a bass solo. Local persons who are familiar with Mr. Wilson's voice say it could be distinguished plainly when he sang with the large chorus.

Lurline Council, D. of P. will meet tonight at seven-thirty o'clock in the Red Men's hall and make arrangements for the funeral of Louis Black. The members will meet at the hall Wednesday at 1:30 o'clock and march in a body to the First Presbyterian church where the services will be conducted.

MISSIONARIES TELL OF THEIR PROBLEMS

Those Attending Convention at Chris-
tian Church Hear of Needs in
Three Foreign Lands

PROGRESS IN PHILIPPINES

Japanese Frighten Their Children
With "That Jesus Man Will
Get You" Missionary Says

Those who attended the missionary convention at the Main Street Christian church today heard the problems that confront the missionaries in Japan, the Philippines and the Belgian Congo. Addresses were made this afternoon by the Rev. W. H. Hanna, the Rev. C. F. McCall and the Rev. C. P. Hedges and the same three will speak again tonight when about 150 views will be shown. They all spoke at the morning session. The convention was for members of Christian churches in easy reach of Rushville.

The Rev. Mr. McCall said the great problem in Japan was materialism, that the people were devoted so much to materialistic things that they had no time for religion. He declared that the apparent failure of Christianity in America was a thing which hindered the missionaries. The missionary said Buddhism had practically adopted Christian methods, which interfered with the spread of Christianity, because they have their preaching places as well as organizations that correspond to the Y. M. C. A. and women's aid societies.

The Rev. Mr. McCall said there was a natural as well as cultivated prejudice in Japan to Christianity. He declared the native people referred to the missionary as the "foreign fool" in much the same fashion as people in America speak of a German as a Dutchman. He said the cultivated prejudice was due to stories that were told 350 years ago when Holland and German missionaries went to Japan. It was then said that these two nations expected to Christianize all the people possible and then would send their armies over and subjugate Japan. For this reason even now, the missionary declared, Japanese frighten their children by telling them "that Jesus man will get you."

The Rev. Mr. Hanna detailed the progress that had been made in the Philippines since Uncle Sam entered. He said permanent roads had been built, the railroad taken over and improved, cities cleaned up until now there was less smallpox than in Indiana. As an evidence of progress, he cited that the first automobile came to the islands in 1900, there was another in 1903 and that now over 5,000 motor-driven vehicles are in use. He asserted that more English had been taught to the people in the two decades United States has been in control than Spanish had been taught in the 350 years preceding. The granting of religious freedom was another advancement he recalled.

The Rev. Mr. Hedges said the two greatest needs in the Belgian Congo were education and work among the women. Only about 50 per cent of the native evangelists read and write so that not many native preachers can be supplied. Women are regarded as property, he said, and when the missionaries attempt to work among the women, the native men regard the missionaries as thieves stealing what is rightfully theirs. He declared women missionaries were needed to work among the women. Seventy-five per cent of the members of the Congo church, he said, were men.

Marriage licenses were issued Saturday afternoon at Firman Tarplee and Grace Pike; William George and Mabel Glidewell.

Mrs. Mary Collier is suffering from a severe attack of rheumatism at the home of her daughter, Mrs. Will O'Neil in East Seventh street.

FOR RELIEF OF COUNTY FAIR

Bill Compelling Appropriation Passes
The Senate Today.

The bill which was designed to afford relief for the Rush county fair, by compelling the county council to appropriate funds to support the fair, passed the senate this morning, 31 to 6, according to a dispatch received from the United Press by the Daily Republican this afternoon. The Indianapolis Star said the bill passed the senate Saturday afternoon without discussion, but it was called up for reconsideration this morning. It will now go to the house. It provides not more than \$2,500 may be appropriated.

REFUSES TO MODIFY ORDER IN PHONE CASE

Public Service Commission Says Rul-
ing Regarding Connersville
Company Must Stand

ARBITRATION BOARD SITS

The Public Service Commission has filed a written order with Judge Will M. Sparks refusing to modify the order establishing telephone rates for the Connersville Telephone company in the case brought by L. A. Frazee against the commission. The case was tried here last term of court. The court will now hear the argument in the case and will pass on the question of an injunction. The law provides that a certified copy of the evidence be given the commission first before the court passes on the evidence. This was done and the commission refuses to change the order.

A board of arbitration composed of John Power, Frank Cross and B. F. Miller started hearing the troubles of George Thomas and Frank Warriek this morning. The board acts as a court and hears the evidence. Warriek is a tenant on the Thomas farm and several law suits resulted over their troubles. These were all dismissed and by agreement will be left to the arbitrators. There is an Indiana law which provides for this.

WANT APPROPRIATION TO BUY FOODSTUFF

Unions, Socialists and Women's Or-
ganizations Will Ask New York
State to Sell to Poor

SCHOOL STRIKE SUGGESTED

(By United Press.)

New York, Feb. 26.—Representatives of 126 unions and socialists and women's organizations today planned to urge a legislative appropriation of from one to ten million dollars to be used for the purchase of food which would be sold at cost to the poor.

While officials predicted a break in prices soon, and city investigations revealed a constantly increasing pressure on families with small incomes, the army of protest continued its campaign today.

A school strike to center attention on the hardships endured by the children of the East Side was suggested.

VISITING NURSE RETURNING

Miss Anne C. Straight, visiting nurse, is returning to Rushville and was to arrive today or tomorrow. She was called to Bradford, Pa., on account of her father's illness. He died last Monday. Miss Straight's father was a prominent physician and his funeral was attended by physicians of Bradford and vicinity.

TO ATTEND INAUGURATION

Ed Meed and Oliver Megee, living east of the city, will attend the inauguration of President Wilson in Washington, Sunday, March 4.

SUGGESTS MEANS FOR COMPROMISE

Senator James E. Watson Urges
Ditching of Excess Profits Tax
of Democratic Revenue Bill

PRIME MOVER IN FILIBUSTER

He Makes Suggestions to Democratic
Senators as Means of Avoid-
ing a Special Session

That Senator James E. Watson of this city was the prime mover in the republican filibuster in the United States senate, which was designed to ditch the excess profits tax provision of the democratic revenue measure, is disclosed in a Washington dispatch to the Cincinnati Sunday Enquirer. The dispatch says that Senator Watson made suggestions to democratic senators looking to a compromise to obviate a special session.

The essential condition named by him was that the tax on excess profits should be thrown overboard. This, he contended, could be done if the authorizations carried by the revenue bill are trimmed down a few hundred million.

Explaining his reasons for promoting the filibuster against the revenue bill, Senator Watson issued the following statement.

"Counting current expenses of \$1,100,000,000 the present bill authorizes the expenditure of \$2,416,000,000, or a larger sum than the entire national bill at the close of the Civil War.

"It authorizes the Secretary of the Treasury to issue \$500,000,000 of certificates of indebtedness if, in his judgment, it becomes necessary. I am vigorously opposed to that feature of the bill because it is absolutely unwarranted from any view point."

"The title of the bill is a misnomer. It alleges that the entire appropriation is for a special preparedness fund and provides that \$403,000,000 shall be set aside for that purpose, and on other, and then at the end of that very section follows a proviso that the Secretary of the Treasury may use it for other purposes. While it is claimed that the bill is for preparedness alone,

CAME TO STATE BY THE OVERLAND ROUTE

Mrs. Mary Vance, Who Died Sunday
Evening, Moved Here With Her
Parents From Pennsylvania

PARALYSIS CAUSED DEATH

Mrs. Mary Vance, 69 years old, wife of James L. Vance, died Sunday evening at six o'clock at her home, 522 West Fifth street, following an illness of several months from paralysis. Mrs. Vance suffered a stroke last spring and another last fall. She had been in a critical condition for some time and her death was expected. Mrs. Vance was born in Franklin county, Pennsylvania and moved to Indiana, with her parents, making the trip overland in wagons.

Mrs. Vance is survived by her husband, and three step-children, Mrs. Harry Lucas of this city, Harry Vance of Fulton, Ky., and Mrs. O. S. Moss of Terre Haute. She is also survived by two brothers, James and Benjamin Shirk of Newcastle and five sisters, Mrs. Ella Runyan, Mrs. Elizabeth Burk and Mrs. Sophia Williams of Newcastle, Mrs. Martha Fuller of Los Angeles, Cal., and Mrs. Frances Chaney of Great Bend, Kas.

The funeral services will be conducted Tuesday afternoon at two o'clock at the late residence by the Rev. C. M. Yocum and burial will take place in East Hill cemetery. The Rebekahs will assist at the services.

CONTEST TO TEACH LESSON OF THRIFT

Supt. J. H. Scholl Shows Value of School Children Growing Garden Products and Flowers

BACKED BY WOMEN'S COUNCIL

Pupils are Asked to Purchase Seeds Tomorrow—Home Gardening Very Timely Just Now

The value of the home gardening and flower growing contest being arranged by the Women's Council for school children as a lesson in thrift and home beautification is pointed out in the following statement by J. H. Scholl, superintendent of schools: Tomorrow the children of the schools are asked to purchase garden and flower seeds. This opportunity is open to adults as well. The schools are urging the advantages to the children. This year will be an especially good year to realize the value of intensive gardening of vacant lots and small garden plats. One scarcely realizes the amount of vegetables that can be raised upon a small piece of ground.

Parents should encourage their children to engage in this healthful and profitable work. Let each home keep an accurate account of the expenses incurred and also of the value of the product raised. Children should be encouraged to study the best seeds to plant and the proper preparation and tilling of the soil suited to the amount of ground available and of the kind of soil.

Much is said of the need of thrift among all classes of people, and this work will afford a fine means for teaching lessons of thrift. Each child should be taught that there is no place for people who are not willing to support themselves. Some sort of work is needed to show that a man's wealth is measured largely by his ability to produce, and that the wealth and prosperity of the nation is mainly dependent upon the productive powers of its citizens.

Besides the practical side of this gardening work there is a field for cultivating the ideas of beauty. Flower seeds and ornamental shrubbery will be sold. A little attention given to this side of landscape gardening will add to both the beauty and the value of the home. Many times fruit bearing trees may serve as ornaments.

The seeds and plants offered for sale are cheaper than can be purchased elsewhere.

LONG TIME TO GET JURY

Noblesville, Ind., Feb. 26—Opening statements were made today in the trial of E. L. Sturdevant, former president of the Hamilton Trust company, charged with conspiracy to cause the failure of the bank. The trial is being conducted by Judge Ellis of Anderson. Several days were needed to procure a jury.

Orval Martin, son of Will Martin, is critically ill at his home in Fal-mouth suffering with pneumonia.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Rushville. No Rushville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

E. L. Hinkle 815 N. Jackson St., Rushville, says: "I was on the verge of Bright's disease. Sharp pains in my back radiated to all parts of my body and I was hardly able to walk. I couldn't rest well, owing to the irregular action of my kidneys. I doctored for over a year, but found no relief whatever. Doan's Kidney Pills entirely cured me and made me feel like a different man. The terrible pains left and the action of my kidneys became regular."

(Statement given February 26, 1910) **THE CURE LASTED** On September 20, 1915, Five years later, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

WHEAT MARKET IS LOWER

Hog prices established a new high mark today when they went to \$13.50, which was a gain of 30 to 35 cents. Receipts were 1,500 greater.

The wheat market was generally lower. May wheat in Chicago was quoted three cents higher, but July was down a fourth of a cent and September a half. May corn was up a half cent and July was down three-eighths. May oats was off a quarter of a cent and July was up an eighth.

Indianapolis wheat prices were off a cent. Corn went up a half to one and a half and oats was advanced about two cents.

Amusements

The Lyric offers the three reel drama "The Taint" for the first picture tonight. It is said to be a thrilling drama. The second is an educational film entitled "Historic St. Augustine." The last is a "Lonesome Luke" comedy.

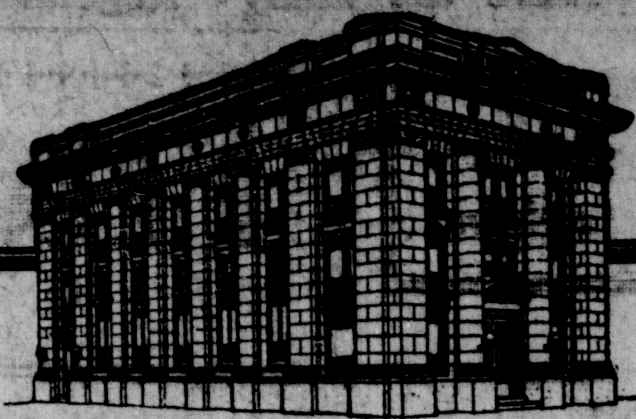

The Gem offers the five reel feature "The Hidden Valley" for the program tonight. It is said to be a fine production and many beautiful scenes are shown. Tomorrow "The Janitor's Vendetta" and the next chapter of "Liberty" will be shown.

The Princess will show the five reel feature "The Scarlet Oath" for the program tonight. Gail Kane and Allan Hale are featured. The story moves swiftly and carries from one continent to another. Tuesday the feature picture "Diane of the Folies" will be shown in which Lillian Gish is featured.

In all the years that Leo Ditrichstein has been before the public, he has never given a finer exposition of his art than he is said to give as the much petted, pampered, philandering grand opera star in "The Great Lover," the play in which he is being presented this season by Cohan and Harris, and in which he will be seen at English's Opera House, Indianapolis, Thursday, Friday and Saturday, March 1, 2 and 3. The comedy from the pens of Mr. Ditrichstein and Fanny and Frederick Hutton, tells of a popular operatic artist, whose capacity for love making seems infinite. Also audiences are given what is said to be a very intimate peep of life as it is said to

really proceed "behind the scenes" at a great opera house. An exceptionally fine company will be seen in support of Mr. Ditrichstein, it being virtually the same that supported him in New York. This will be decidedly one of the genuinely delightful and important theatrical events

of the season at English's. Mail orders for seats for the above attraction is being received now and will be filled promptly in order of their receipt at English's and returned when accompanied by a stamped, self-addressed envelope, and remittance.

British Believe Submarining of Dutch Ships was Planned

(By United Press.)

London, Feb. 26.—Conviction grew in Great Britain today that Germany deliberately planned the torpedoing of the seven Dutch ships reported on Saturday to have fallen victims to German submarines.

The belief was based on the theory that Germany sought to force the Netherlands government into war so that she might raid the great store houses of food in that country. This

What it Cost Not to Have Business Insurance.

Two brothers of one of the oldest families of a community inherited money and made money; did business together. Both married.

A few months ago one died, without life insurance payable to his business.

His wife decided she did not care to have her money left in the business, and under prevailing business conditions the brother could not conveniently buy out the estate.

Agreeing on the price with the sister-in-law was not easy.

Just when orders were beginning to pile up and much prosperity was in sight, the business was closed out for the benefit of their competitors, not only at a loss to the wife of the deceased brother, but, also, throwing the remaining brother out of a business that had been prosperous for a generation.

State and Federal Taxation.

The legislature of California has communicated with such other legislatures as are in session in an endeavor to unite the states of the union in a movement to establish "some reasonable line of division giving to them the sole taxing authority below such a line, and to the federal government sole taxing authority above such a line."

This is an assertion of states' rights in a perfectly proper form. Under republican control of the federal government there was neither an encroachment of federal taxation upon the field which the states had, by usage, reserved to themselves, nor a "twilight zone" wherein both the federal government and the government of the states operated obscurely. Under republican control, the great bulk of the national revenue was derived from indirect taxation, levied at the custom houses in the form of protective duties, which served the double purpose of filling up the treasury and of preserving for the benefit of our own people the unexampled richness of our home markets. Direct taxation was resorted to not at all in time of peace in any manner oppressive to the taxpayer. There was money, and to spare, and no man felt the burden. Enterprise was not penalized, thrift was not laid under tribute. Federal taxation was paid unknowingly and abundantly. There was then no occasion for any such action as this which the legislature of California has taken.

But we have fallen upon different times now. Indirect taxation is out of fashion. Taxation with teeth and talons in it is the order of the day. Inheritances, which have been a source of revenue to the states, are now seized upon by the general government. Real property, upon which communities have depended for their chief revenue, is now to be subjected to a federal burden under the name of an excess profits tax. Incomes, upon which some states have relied for a swelling of their treasury receipts, are levied upon in increasing rapacity by the national lawmakers.

Thrift, which alone has made tax-paying possible, has been made an excuse for further exactions.

It is indeed time that some movement of opposition was begun. There should be a prompt and widespread response favorable to the proposition which the legislature of California has advanced. And from California, too, should come, very soon, further activity along this line. It is hardly conceivable that the legislature has acted without the consent of Gov. Johnson. He will soon take his seat in the senate. There we hope he will continue to press for the deliverance of his state and others from the yoke of taxation which now oppresses them—chiefly because his state make certain the renewal of the power of taxation to the party which California now cries out against.

Value of Strong Navy.

Congressman Richard P. Freeman of Connecticut is a "big navy" man. He cites the history of the past and shows that such great leaders as Philip the Second of Spain, Louis the Fourteenth of France, the great Napoleon, and Germany at the present time, although able to overrun large portions of Europe were unable to set a single soldier on the soil of England because of the navy which guarded her shores. To Mr. Freeman the conclusion is obvious. "This rich and resourceful nation of ours," he declares, "should proceed to build at once and continue to maintain forever a navy sufficient to prevent any other nation in the world from transporting troops across either the Pacific or the Atlantic Ocean." Representative Freeman seldom occupies the time of the house in debate, but he is an accomplished orator who always commands the attention of his hearers and he was roundly applauded when he presented his views on the navy.

Lots of folks, principally the brewers and whiskey makers, are expressing much concern just now for the welfare of Indiana people since the state-wide prohibition bill has been passed. They claim every man may own his own distillery and make his own alcohol at a cost of thirty cents a gallon. This is about as plausible as was the assertion of the brewers about local option, that they sold more beer in dry territory. Not many persons were fooled by that subterfuge and neither will many believe this latest bunk.

The public utilities commission of Colorado has been requested to make an effort to prevent women in the southern part of the state from monopolizing rural telephone lines with neighborhood gossip. Well, what's a rural telephone for, if it isn't for talking? The average country woman can't run into her neighbor's back yard and gossip for an hour like her city friend.

If some of these government bureau heads think they have the ability to run large enterprises better than the present managers are doing, why don't they demonstrate their superiority and thus secure employment at the higher salaries they tell us they could get outside the government service? Large corporations are always looking for the best skill and business ability.

HOW GOOD THAT MUSTEROLE FEELS!

It Gets to That Sore Spot Like Magic

A-a-h! That's delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone.

No snuff, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

DODGERS DO NOT LOOK VERY GOOD

Ebbets' Champions, on Paper, do Not Show as Much Class as They Did Last Year

THIRTY-ONE MEN SIGNED UP

Several of Players are Sore at Cut in Salary and Trouble May Break Out

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, Feb. 24.—The Brooklyn club of the National league, champion of the circuit presided over by John K. Tener, approaches the difficulties of a new season in a very wobbly and uncertain condition. Unless Charles H. Ebbets or some of his players weaken the Dodgers will present a strange front when they take the field on the opening day.

The Dodgers are far from championship timber this year, compared with the array of talent that will be thrown into the field by other clubs. They would have a hard time keeping the pace against Giants, Phillies and Braves even with their punch strength out in the open. The punch that carried them into the stretch last year is lacking this spring, for it doesn't carry sufficient power.

On first base the Dodgers will have Jake Daubert unless the Dodger star shows up in such bad health that he can't play ball. His contract, forced from Ebbets during the troublous days of the Federal league, has another year to run at a substantial figure and he has little to worry about for the future. His health has been decidedly bad of late, however, and Fred Merkle or Warren Adams, the latter a likely looking recruit, may have a first base assignment.

George Cutshaw, demon second baseman who jumbled up the world's series for the Dodgers, probably will keep his station if he decides to sign a contract. At last reports he was holding out and had decided to quit the game.

Fred Merkle is to be tried out at shortstop. He has done well in nearly every other position and may supplant Ivan Olson and the various other shortstoppers who have been given chances.

Third base isn't so much of a problem for the veteran Mike Mowery did a good job last year and probably will keep right on doing it.

Jimmy Johnston right now is the only outfielder definitely known to be ready to start the trip to Hot Springs. Hi Myers, Buck Wheat and Casey Stengel, the bulwark of attack and defense last summer, have been rewarded with slashes in their salaries. Naturally they are peeved and have announced there will be no signing by them until the original figures are put back. Ebbets has declared he will make another slash if they don't ship in the signed documents.

Otto Miller has the brunt of catching thrown upon him this year through the lack of a good running mate. Chief Meyers is rapidly approaching the final bump in the decline. Zack Wheat, a good looking youngster and a brother of the famous Buck is going to take a shot at it and may stick this time.

Ed Pfeffer is another Dodger whose salary has been nicked by Ebbets. He was one of the most consistent winners in the National League early in the season. He has refused to sign. Sherrod Smith is another.

Larry Cheney, Jack Coombs, Wheeler Dell and Rube Marquard are expected to be on hand with a number of recruits when the first squad entrains for the Arkansas springs next Thursday. Arrangements have been made to care for a party of thirty-one persons on the trip.

Norton of Boston—who bragged that he was the only American in Hell, the others being Norwegians.

"SAVE THE BABIES."

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

At 6 months the average child requires 24 ounces of milk daily, which should be diluted with 12 ounces of water. To this add 2 ounces of limewater and 3 even tablespoonfuls of sugar. Divide the whole into 5 feedings. The amount of milk should be increased by 1 ounce every week. But the milk should be increased only if the child is hungry and digesting his food well. Don't increase it if he is suffering from indigestion, even if he seems hungry.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

BELIEVE DARCY BADLY MATCHED

Match With McCoy Is Not Predicted to be a Very Great Drawing Card.

SCHEDULED FOR MARCH 5

Australian Will Pull All the Money There is in the House—Will Cost \$50,000.

BY H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, Feb. 26.—Forty thousand dollars for a bout between Les Darcy and Al McCoy, regardless of the fact that Darcy is the middleweight and heavyweight champion of Australia and that McCoy claims the middleweight championship of America is the height of extravagance.

Grant Hugh Brown's inexperience is due for the hardest lesson it ever received when he counts the dollars after the bout is pulled off in Madison Square Garden the night of March 5. Add \$10,000 to the amount guaranteed to the boxers and the amount the affair will cost the promoters is put down in figures. If Brown can hypnotize enough fight fans into plunking down cash to let him out even on such a fight then history is a bum prognosticator and nothing that ever happened counts.

There has been only one bout in the history of the Frawley boxing law that drew more than \$30,000 and that was the tilt between Jess Willard and Frank Moran, Heavyweights always draw better than any other class of boxers, so a great allowance must be made for this Benny Leonard and Freddie Welsh a bout that was touted a tremendous drawing card, put slightly more than \$26,000 in Madison Square Garden. The bout between Leach Cross and Willie Ritchie, another extremely high class affair, was far under that mark.

Darcy is a great card. A month ago he was much greater. By the time the date for his bout with McCoy rolls around he will be farther toward the discard in the minds of fans than at any time. His bout with McCoy will be so much in the nature of a trial that he will have to finish the Brooklyn boy very quickly in order to retain any standing in America. The bout will put an edge on a following performance with Mike Gibbons.

McCoy must be discounted. He is decidedly unpopular. The only drawing power contained in his name is the hope of everyone that Darcy will crush him and will want to see the operation.

IF KIDNEYS ACT . BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

RUSHVILLE WINS THE FINAL CONTEST

By Defeating Shelbyville and Taking Tournament, Sets Record for Future Quintets

18 VICTORIES THIS SEASON

Defeat of New Palestine in Semi-Finals Proves Harder Task Than Shelbyville Game

Playing true to form, the Rushville high school defeated Shelbyville in the final game of the invitational basketball tournament, 30 to 18, and thereby won the basketball offered as a trophy to the winning team and established a record for future Rushville teams to shoot at, namely the winning of eighteen games in a season.

The final game Saturday night was witnessed by the largest crowd ever attending a basketball game in this city, the estimated attendance being 800.

As to the game itself, Shelbyville was a beaten team from the first whistle. Rushville led all the way and maintained practically a ten-point margin from the first. There have been many better games than this played on the local floor, but the fact that it gave Rushville the right to claim superiority over the other seven teams entered, made up for what was not displayed in playing.

The game proved rather listless, especially in the last half when the contest dragged and a great amount of time was taken out. It was the third time this year Rushville has defeated Shelbyville and the locals have about had sufficient revenge for all the defeats at the hands of Shelbyville in past years.

Rushville was the first to score and soon had a lead of six points. Shelbyville made but two field goals in the first half and three foul goals brought their total points up to 7, the first half ending seventeen to seven. In the final period Shelbyville started several rallies, playing like a whirlwind for a few moments at a time only to have the plays broken up by the Rushville guards.

Most of the play during the entire game was under the Rushville baskets. The locals missed many easy baskets and had a lot of tough luck on some hard ones. Both teams showed the effects of the day's play towards the close of the game and time was taken out several times. Martin, for Rushville, was the big point maker, getting a total of twenty of his team's thirty points. The guarding of Reed and Newhouse was the best played this year. Hack for Shelbyville played the best game for the visitors.

Rushville reached the finals by defeating New Palestine Saturday afternoon, 35 to 16. The first half of this game was the best of the entire tournament. New Palestine gave Rushville a hard fight and threw a scare into the Rushville supporters. The first half ended 16 to 13 in favor of Rushville. In the final period the locals played some real ball and held New Palestine to three points.

The lineup and summary of the Rushville-Shelbyville game follows:

Rushville (30)	Shelbyville (18)
Thorpe	Hack
Oakley, Keating	Forward
Martin	Forward
Newhouse	Center
Reed	Guard
	Guard
Field goals—Martin, 8; Thorpe, 4; Keating, 1; Hack, 4; Winkler, 2.	
Foul goals—Martin, 4; Winkler, 6.	
Officials—Stiehm and Buss.	

In the curtain raiser to the big game between two all-star teams, the team led by G. Turner of Greensburg defeated the team led by Hutchinson of New Palestine, 22 to 21. The game was close throughout and some good basketball was displayed despite the fact that the players had never played together before. The winning team was composed of the following: G. Turner, Greensburg; Branson, New Palestine; Holter, Connersville; Wickliff, New Palestine and Justus of Morristown. The other team was composed of Hutchinson of New Palestine, Poston, New Palestine; Havens, Morristown; F. Turner, Greensburg and Hiatt, Milroy.

that is to be in greatest demand by ladies throughout the United States this spring. So say the New York style producers, and their word is final. The reasons for the suit again taking the ascendancy are many, but chief among them are the facts that the suit is the most practical and useful garment a lady can buy, and that the suit styles this spring are by far the most beautiful they have been for several seasons.

The evening was spent in playing cards. Guests at the affair were Mr. and Mrs. O. P. Wamsley, Mr. and Mrs. Charles Winship and Mr. and Mrs. George Camp.

An elaborate dinner party was given by Mr. and Mrs. Alonzo Innis at their home in Milroy on Friday noon. Sweet peas and carnations brought a breath of spring in their fragrant decoration. A delicious dinner was served and pleasant day spent by the guests who were, Mr. and Mrs. S. O. Norris, Mr. and Mrs. Andrew Kincaide, Mr. and Mrs. Robert Brown, Dr. and Mrs. John Francis, Mr. and Mrs. Herman Miller, Mr. and Mrs. Alec Innis and son, Lowell, Mr. and Mrs. John Davis, Mr. and Mrs. Andie Brown and Mrs. R. A. Petry of this city.

"Mr. Britling Sees it Through" by H. G. Wells is by far the most interesting book written during the past year," announced Miss Margaret Donnan of Indianapolis when she talked before the members of her class Saturday afternoon at the home of Mrs. Harrie Jones in North Harrison street. She gave a short but very interesting review of the book which gives conditions in England previous to the war and during its continuation. Mr. Britling speaks both from the standpoint of the allies and the Germans.

"The most touching part of the book is in the attitude of Mr. Britling toward his son, Hugh, and his first wife," she said. "Mr. Britling, in spite of his patriotism, is glad that his son is two years too young to go to war and believes surely that the war will be over before his son can go. Hugh, the son, however, goes to a training camp and deceives them about his age until he goes to war and writing home to his father says that 'war is all a hideous madness, that there is no glory in it.' The telegram saying that Hugh has been killed is soon followed by the news that the German tutor, whom he had loved, had been killed on the other side. In sending home the violin of the tutor to his parents, Mr. Britling writes a letter of sympathy to his parents. He writes as parent to parent and then speaks out the soul of England to that of Germany of he uselessness of it all."

The first book that Miss Donnan reviewed was "A Book About the Theatre" by Brander Matthews in which the author gives characteristics

stage is not art. Some is graceful, some ungraceful, and some disgraceful. The author ascribes as the reason for minstrels going out that they have changed their purposes from portraying colored life in America to a vaudeville show. And the reason that dramatic critics are criticized is that we expect too much of them. Only things permanent deserve criticism and a number of things on the stage are not worthy of it" said Miss Donnan in giving important from different chapters in the book.

"Androcles and the Lion" by Bernard Shaw was discussed in a most interesting way by the speaker who also read passages from the play. The introduction by the author to the book of plays contains a number of facts brought out in a different way in the play, and Miss Donnan spoke briefly of the author's opinions. A comic-picture of Androcles and his wife meeting the lion in the woods and Androcles making friends with him by taking the thorn from his foot was given. The same lion is later the one to whom Androcles is offered as a sacrifice in the arena and he, of course, is saved. "Fervorous, the hero of the play, is the man who en-

deavors to be a Christian, to save lives, which he does, and yet when he is offered as a sacrifice in the arena, he uses his giant strength to save his life and is so admired by the emperor for it that he joins the guard," said Miss Donnan in describing one of the characters.

"Pygmalion," another play by Shaw in the same book, was reviewed by Miss Donnan as she gave the success the phonetic teacher had had with the little flower girl of the streets in making her speak as a lady of England.

SAY PRESIDENT BLOCKS CAUSE

Suffs Claim Wilson is Chief Draw-back Now to Passage of Federal Amendment

TO STAGE DEMONSTRATION

Going to White House to Show Unwillingness to Wait Longer on the Ballot

(By United Press.)

Washington, Feb. 26.—President Wilson, leading suffragists declared today, is the only obstacle now to the passage of the Federal Suffrage Amendment.

That is why they are picketing the White House. That is why they will encircle it with a monster "Suffrage Rainbow" March 4th. That is why ten thousand voting women began arriving here from all over the country today for the big March 4th demonstration.

The suffragists are concentrating on Wilson, and they think they can feel him slipping.

"President Wilson," said Miss Alice Paul, chairman of the Executive Committee of the Congressional Union today, "is now the one great obstacle in our way. We are going to center our greatest efforts in gaining his support. We believe he is more and more inclining to the Federal Suffrage Amendment."

"We are going up to the White House and register our unwillingness to wait longer for the ballot. It's going to be a demonstration of protest—and an expression of confidence."

The colorful suffrage army will assemble in the afternoon in the "little White House," diagonally across from the Executive Mansion and directly opposite Lafayette Park. The doctors will be lined up in one squad, the lawyers in another, and so on. "Each squad will be preceded by a standard bearer and a band."

Promptly at three o'clock a bugle will blow and the procession will start for the White House. It will be headed by Miss Vida Milholland, whose sister, Inez, led the suffragists in the suffrage parade at the inauguration ceremonies four years ago, and who died while campaigning for the Woman's Party last fall in California. Miss Milholland will be followed by Mrs. O. H. P. Belmont, of New York city, Mrs. Florence Bayard Hilles, of Delaware, Mrs. J. A. H. Hopkins, of New Jersey, and Miss Anne Martin, of Nevada. These women have been selected to present to the President the request of their unfranchised sisters in all parts of the country.

WATSON SUGGESTS MEANS OF COMPROMISE

Continued from Page 1.

yet is squarely authorized the issuance of \$222,000,000 of Panama bonds and \$100,000,000 of other bonds for the express purpose of meeting a deficit occasioned by the expenditure of \$162,000,000 for the Mexican situation, \$50,000,000 for the ship purchase bill, \$35,000,000 for a Government railroad in Alaska \$20,000,000 for the Government nitrate plant, \$11,000,000 for a Government armor plate factory and \$25,000,000 for the purchase of the Danish West Indies, a total of \$303,000,000 "hitherto authorized and in reality plunging the country upon a program of state socialism, to all of which I am violently opposed."

"It proposes to place these vast sums in the hands of the President to be used substantially as he sees fit, and I am opposed to placing that much power in the hands of any man. The President cannot declare war, but must call Congress together for that purpose. Therefore I am opposed to a greater appropriation at this time than the emergency actually demands."

"I am opposed to a system of direct taxation unless absolutely essential. We shall not withhold one dollar of money necessary for preparedness or for carrying out the program that has been outlined if we can get the revenue bill reduced to those proportions, and that is all we should be asked to do under present conditions."

Washington, Feb. 26.—Rain is probable Monday and Tuesday, and about Friday, and fair weather on the other days of the week. Moderate temperature during the first part of the period will be followed by considerable colder about Wednesday, and by warmer the latter part of the week.

FOURTH SET OF TWINS.

(By United Press.)

Bismarck, N. D., Feb. 26.—Unie and Vernia Frazier, peppy twin daughters of North Dakota's farmer governor, Lynn J. Frazier, are today the fourth set of twins occupying the governor's mansion here. There have only been eleven governors of this state, which is mentioned as possessing rare health producing invigorating air, and conditions.

SCOTT'S EMULSION
RELIEVES SORE, TIGHT CHILDS

A Great Discovery

Swollen hands, ankles, feet are due to a dropical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, back-ache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anurie acts; the pains and stiffness rapidly disappear. The very best possible way to take care of yourself is to take a glass of hot water before meals and Anurie, the discovery of Dr. Pierce of Buffalo, N. Y. Step into any drug store and ask for a 50c. package of Anurie, which is many times more potent than lithia and eliminates uric acid almost as hot water melts sugar. A short trial will convince you.

WOULD TESTIFY.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side, frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anurie the discovery of Dr. Pierce, of the Invalids' Hotel, Buffalo, N. Y., and I at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicines, but these Anurie Tablets of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles."—HENRY A. LOVE.

MOVEMENT TO BE MADE NATIONAL

Farmers Non Partisan League of Northwest Plans to Expand Operations.

WANTS CONTROL OF MARKETS

Would Eliminate Speculating in Food Stuffs They Claim—Indiana Included.

(By United Press.)

St. Paul, Feb. 26.—National headquarters for the Farmers Non Partisan League were opened in St. Paul today.

This is the organization that recently swept North Dakota's old line politicians from control and took over the legislature to enact legislation favorable to farmers.

Bettering of marketing conditions, and entire elimination of speculative marketing of foodstuffs, and of manipulation in food through state owned terminal elevators and warehouses, was the only platform of the farmer organization.

Removal of the league headquarters from Fargo to St. Paul today is the signal for the nationalization of the movement, A. C. Townley, president of the league said. Similar organizations in Minnesota, South Dakota and Montana "are now being formed."

In three charter member states of the league, marketing of wheat by means other than through the Minneapolis chamber of commerce and Chicago board of trade, are planned.

That the corn marketing conditions of Illinois, Iowa and Indiana, and the fruit marketing conditions of the far west, along with the cotton marketing conditions of the south, would be helped by the political sweep of the league, is the claim of its promoters.

Evansville—Business men have organized a concern capitalized at \$160,000 to can beans in Evansville.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quart of an ounce of freezezone, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

TO CARRY BRICKS TO COUNCIL MEET

Citizens Will Protest Against Selling of Municipal Light Plant to Corporation.

ALSO TO BRING HEMP ROPES

Will Use Them as a Convincing and Persuasive Argument—Leading Citizens Take Part.

(By United Press.)

Cicero, Ill., Feb. 26.—With bricks and hemp ropes, one for each member of the city council to back up their protest, a hundred citizens of Cicero threaten to attend the meeting of the municipal fathers tonight to voice their disapproval of a contemplated sale of the municipal light plant to the Public Service Company of Northern Illinois.

Several weeks ago the citizens committee met at the Hawthorne Auditorium to devise ways and means of bringing the recalcitrant council to their way of thinking. An invitation to the members was accepted by but one alderman, Joseph Laska.

Miss Margaret Haley, president of the Chicago Teachers Federation, spoke at the gathering and recommended the rope as a convincing and persuasive argument.

"A few years ago there was a fight in Toledo, Ohio, similar to this one," she said. "The citizens met in a body and went to the council chamber balcony. They dangled ropes in the faces of the council members and the traction company was not sold as planned."

"You citizens take ropes and do the same thing. Let them know that you are in earnest."

Frank E. Klimes, a prominent citizen urged that all voters and property owners attend—armed with a plentiful supply of brick bats.

The plan was unanimously approved and leading citizens say they intend to carry out their coup tonight.

CLAIM 500 BABIES STARVE TO DEATH

Fight is Started on Professional Baby Farms in Chicago by Health Committee.

RESULT OF INVESTIGATION

Chicago, Feb. 26.—The city council health committee and the juvenile court officials headed by Alderman Willis O. Nance, today started a fight on professional "baby farms" in Chicago.

The action is the outgrowth of an investigation. Officials estimate that more than five hundred babies, from 4 months to 4 years old, are being starved to death in the "baby boarding houses," every year.

The average charge for keeping a baby is \$3 a week, of which the "landlady" spends sixty cents for the child's food, the rest being pocketed as profit.

Besides crowding dozens of babies into filthy hovels, where they slowly die of mal-nutrition commonly known as starvation, and attendant diseases, many of the houses are abortion mills, where a baby will be "disposed of," for \$25 or \$50, the investigators found. Babies are said to be carried out for burial in suitcases.

"About one fourth of the babies are illegitimate," said Arthur A. Guild, officer of the Juvenile Protective association. "In many cases the children come from homes where the father or mother has deserted the family. And there are a few instances where a family is able to take care of the baby, but does not want it around."

TWO ELECTION CONTESTS

Petersburg, Ind., Feb. 26.—Hearing on the contest of election brought by Peter R. Miller, democrat, against Wayne Bryan for the office of sheriff and that of William Davidson, republican, against P. D. Abdell, democrat, for recorder by one vote, was held today before Judge John L. Bretz of Pike circuit court. The judge held that evidence of irregularities might be introduced at the hearing. Attorneys for the men bringing the contest, declare that some one gained entrance to the county clerk's office after the official returns were in and altered the ballots.

ADDRESSES JOINT SESSION

Declares War Can Come Only by the

HE WILL NOT CHOOSE WAR

Is Foolish to Deny That Situation

sibilities and Dangers

(By United Press.)

Washington, Feb. 26.—President Wilson today appealed to a joint session of congress for permission to arm American merchantmen to establish an "armed neutrality and for full and immediate assurance" that he may exercise such authority as he deems necessary to handle the German-American situation.

Declaring that he is "the friend of peace and means to preserve it for America," as long as he is able, the president emphasized the fact that he neither asks nor contemplates a step which might bring war through the action of this country. He declared that war could only come through an act of Germany.

"No course of my choosing will lead to war," he said. "War can come only by the wilful acts and aggressions of others."

"But," he added, "we must defend our commerce and the lives of our people."

He emphasized that while he may now have full power to take what steps are necessary, he desires that congress "by its own vote" show that it is behind him in whatever he may decide is necessary.

While he asks specifically for power to arm ships, he said he could not be any more specific since he can only decide as the situation develops what specific thing should be done.

The president also asks "a sufficient credit to enable me to provide adequate means of protection where they are lacking, including

to Dodge Assessors

Collections at the treasurer's office Saturday amounted to \$8,000. The office has been exceedingly busy the past week and with only two days remaining before the assessors start work a record for tax collections at this early date promises to be established. Many of the large tax-payers have taken advantage of this opportunity to dodge the assessor. The money paid in taxes comes from the bank and by paying at this time they do not have to pay taxes on the money.

BODY OF RUSSELL HILBERT IS EXHUMED

Fayette County Coroner Says He
Wishes to be Certain Before
Charges Are Filed.

MORE TESTS WILL BE MADE

The body of little Russell Hilbert, who died suddenly one week ago Saturday, was exhumed Sunday and other of the vital organs were sent to Indianapolis for additional chemical tests in an effort to secure additional information as to the cause of his death.

The contents of the stomach showed signs of strychnine. It is stated that one of the tests conducted showed strychnine poisoning very clearly but a second test was not so positive. The exhumation was in charge of Coroner Cooper of Fayette county and Dr. W. R. Philips of Orange.

Dr. Cooper stated that he desired to be absolutely certain of his ground before filing charges. In the meantime the boy's father, Herman Hilbert and his step-mother, Mrs. Lillian Hilbert, are still in the Fayette county jail, being held without charges.

HELD FOR TURNING IN FALSE FIRE-ALARM

James George, on Parole From Re-
formatory, Admits Guilt; Glad-
stone Clevenger is Freed

COURT TO ATTEND TO CASE

With the arrest Saturday night of James George and Gladstone Clevenger, both about 17 years old, the police believe they are about to succeed in breaking up the practice of turning in false alarms. The two boys were arrested shortly after a false alarm had been turned in from box No. 142, corner of Eighth and Jackson street. The alarm was sounded shortly after ten o'clock Saturday night.

The boys were kept separated and after a long grilling George admitted pulling the box. The Clevenger boy maintained from the start that he urged George not to turn in the alarm. For a long time the George boy denied all knowledge of the offense and finally when brought face to face with the story of the Clevenger boy, admitted his guilt.

The Clevenger boy was released for the time being and George was sent back to jail. He is out under parole from the state reformatory at Jeffersonville and the attention of the court officials will be called to his case, which will probably result in his being sent back to Jeffersonville.

Miss Lois McIntosh of Crawfordsville has accepted a position as maker in the Frazier Millinery store.

The members of the Rebekah lodge will meet at the home of Mrs. Andrew Moore in West Fifth street Tuesday afternoon at one thirty to attend the funeral of Mrs. James Vance.

IS KILLED WHILE RIDING A FREIGHT

Louis Black, Age 22, Dies Instantly
When he Falls Under Wheels of
Big 4 Train at Milroy

COMING FROM GREENSBURG

Several Cars Pass Over His Body
Before Companions are Able to
Signal Train to Stop

Louis Black, 22 years old, was killed instantly last night when he fell under the wheels of a Big Four freight train on which he was riding, in company with nine or ten companions, from Greensburg to this city. The fatal accident occurred in Milroy just north of the depot.

He was sitting on the edge of a car of coal and when the train gave a sudden lurch forward, lost his balance and fell under the wheels. The accident occurred between 6:30 and 6:45 o'clock. Some of his companions succeeded in stopping the train, but not until eight or nine cars had passed over his body.

The body was horribly mangled, being cut in two just above the hips. One part was carried down the tracks a distance of twenty-five feet. One of the young men with Black saw him start to fall and made an effort to grab him but was not successful. The train in going through Milroy had slowed down slightly and after passing the station started to speed up. In doing this the train jerked and Black fell under the wheels.

The young men had gone to Greensburg earlier in the afternoon on a freight train. It was stated today that this custom had been followed for some time.

Louis Black was well and favorably known to a large circle of friends here. His untimely death is the sadder because he was the main support of his widowed mother and family. Two of his sisters are ill with typhoid fever. He had been employed in local factories for several years and will be remembered by many as having driven the Innis-Pearce ice truck one summer.

He was a son of the late Charles Black and is survived by his mother, Mrs. Daisy Black, three sisters and two brothers. He was a member of the Red Men lodge and members of the order went to Milroy last night on receiving word of the accident. The remains were taken to the Anderson undertaking parlors in Milroy and later brought to the George C. Wyatt and company store after being released by Coroner Green.

The funeral services will be conducted Wednesday afternoon at two o'clock in the First Presbyterian church and burial will take place in East Hill cemetery. The remains will be removed to the late residence, 220 North Spencer street tomorrow morning and friends may call any time after tomorrow noon.

IS WITH MINSTREL SHOW

J. Walter Wilson in Al G. Fields
Company at Indianapolis.

Rushville people who saw Al G. Fields' minstrel show at English's theater in Indianapolis the last three days of last week report that J. Walter Wilson, formerly of this city, is with the show. Mr. Wilson opens the show with a short talk giving a brief history of minstrelsy. He is also on the program to sing a bass solo. Local persons who are familiar with Mr. Wilson's voice say it could be distinguished plainly when he sang with the large chorus.

Lurline Council, D. of P. will meet tonight at seven-thirty o'clock in the Red Men's hall and make arrangements for the funeral of Louis Black. The members will meet at the hall Wednesday at 1:30 o'clock and march in a body to the First Presbyterian church where the services will be conducted.

MISSIONARIES TELL OF THEIR PROBLEMS

Those Attending Convention at Chris-
tian Church Hear of Needs in
Three Foreign Lands

PROGRESS IN PHILIPPINES

Japanese Frighten Their Children
With "That Jesus Man Will
Get You" Missionary Says

Those who attended the missionary convention at the Main Street Christian church today heard the problems that confront the missionaries in Japan, the Philippines and the Belgian Congo. Addresses were made this afternoon by the Rev. W. H. Hanna, the Rev. C. F. McCall and the Rev. C. P. Hedges and the same three will speak again tonight when about 150 views will be shown. They all spoke at the morning session. The convention was for members of Christian churches in easy reach of Rushville.

The Rev. Mr. McCall said the great problem in Japan was materialism, that the people were devoted so much to materialistic things that they had no time for religion. He declared that the apparent failure of Christianity in America was a thing which hindered the missionaries. The missionary said Buddhism had practically adopted Christian methods, which interfered with the spread of Christianity, because they have their preaching places as well as organizations that correspond to the Y. M. C. A. and women's aid societies.

The Rev. Mr. McCall said there was a natural as well as cultivated prejudice in Japan to Christianity. He declared the native people referred to the missionary as the "foreign fool" in much the same fashion as people in America speak of a German as a Dutchman. He said the cultivated prejudice was due to stories that were told 350 years ago when Holland and German missionaries went to Japan. It was then said that these two nations expected to Christianize all the people possible and then would send their armies over and subjugate Japan. For this reason even now, the missionary declared, Japanese frighten their children by telling them "that Jesus man will get you."

The Rev. Mr. Hanna detailed the progress that had been made in the Philippines since Uncle Sam entered. He said permanent roads had been built, the railroad taken over and improved, cities cleaned up until now there was less smallpox than in Indiana. As an evidence of progress, he cited that the first automobile came to the islands in 1900, there was another in 1903 and that now over 5,000 motor-driven vehicles are in use. He asserted that more English had been taught to the people in the two decades United States has been in control than Spanish had been taught in the 350 years preceding. The granting of religious freedom was another advancement he recalled.

The Rev. Mr. Hedges said the two greatest needs in the Belgian Congo were education and work among the women. Only about 50 per cent of the native evangelists read and write so that not many native preachers can be supplied. Women are regarded as property, he said, and when the missionaries attempt to work among the women, the native men regard the missionaries as thieves stealing what is rightfully theirs. He declared women missionaries were needed to work among the women. Seventy-five per cent of the members of the Congo church, he said, were men.

Marriage licenses were issued Saturday afternoon at Firman Tarplee and Grace Pike; William George and Mabel Glidewell.

Mrs. Mary Collier is suffering from a severe attack of rheumatism at the home of her daughter, Mrs. William Collier, 220 North Spencer street.

FOR RELIEF OF COUNTY FAIR

Bill Compelling Appropriation Passes
The Senate Today.

The bill which was designed to afford relief for the Rush county fair, by compelling the county council to appropriate funds to support the fair, passed the senate this morning, 31 to 6, according to a dispatch received from the United Press by the Daily Republican this afternoon. The Indianapolis Star said the bill passed the senate Saturday afternoon without discussion, but it was called up for reconsideration this morning. It will now go to the house. It provides not more than \$2,500 may be appropriated.

REFUSES TO MODIFY ORDER IN PHONE CASE

Public Service Commission Says Rul-
ing Regarding Connersville
Company Must Stand

ARBITRATION BOARD SITS

The Public Service Commission has filed a written order with Judge Will M. Sparks refusing to modify the order establishing telephone rates for the Connersville Telephone company in the case brought by L. A. Frazee against the commission. The case was tried here last term of court. The court will now hear the argument in the case and will pass on the question of an injunction. The law provides that a certified copy of the evidence be given the commission first before the court passes on the evidence. This was done and the commission refuses to change the order.

A board of arbitration composed of John Power, Frank Cross and B. F. Miller started hearing the troubles of George Thomas and Frank Warrick this morning. The board acts as a court and hears the evidence. Warrick is a tenant on the Thomas farm and several law suits resulted over their troubles. These were all dismissed and by agreement will be left to the arbitrators. There is an Indiana law which provides for this.

State to Sell to Poor

SCHOOL STRIKE SUGGESTED

(By United Press.)

New York, Feb. 26.—Representatives of 126 unions and socialists and women's organizations today planned to urge a legislative appropriation of from one to ten million dollars to be used for the purchase of food which would be sold at cost to the poor.

While officials predicted a break in prices soon, and city investigations revealed a constantly increasing pressure on families with small incomes, the army of protest continued its campaign today.

A school strike to center attention on the hardships endured by the children of the East Side was suggested.

SUGGESTS MEANS FOR COMPROMISE

Senator James E. Watson Urges
Ditching of Excess Profits Tax
of Democratic Revenue Bill

PRIME MOVER IN FILIBUSTER

He Makes Suggestions to Democratic
Senators as Means of Avoid-
ing a Special Session

That Senator James E. Watson of this city was the prime mover in the republican filibuster in the United States senate, which was designed to ditch the excess profits tax provision of the democratic revenue measure, is disclosed in a Washington dispatch to the Cincinnati Sunday Enquirer. The dispatch says that Senator Watson made suggestions to democratic senators looking to a compromise to obviate a special session.

The essential condition named by him was that the tax on excess profits should be thrown overboard. This, he contended, could be done if the authorizations carried by the revenue bill are trimmed down a few hundred million.

Explaining his reasons for promoting the filibuster against the revenue bill, Senator Watson issued the following statement.

"Counting current expenses of \$1,100,000,000 the present bill authorizes the expenditure of \$2,416,000,000, or a larger sum than the entire national bill at the close of the Civil War.

"It authorizes the Secretary of the Treasury to issue \$500,000,000 of certificates of indebtedness if, in his judgment, it becomes necessary. I am vigorously opposed to that feature of the bill because it is absolutely unwarranted from any view point."

"The title of the bill is a misnomer. It alleges that the entire appropriation is for a special preparedness fund and provides that \$403,000,000 shall be set aside for that purpose, and on other, and then at the end of that very section follows a proviso that the Secretary of the Treasury may use it for other purposes. While it is claimed that the bill is for preparedness alone,

CONTEST TO TEACH LESSON OF THRIFT

Supt. J. H. Scholl Shows Value of School Children Growing Garden Products and Flowers.

BACKED BY WOMEN'S COUNCIL

Pupils are Asked to Purchase Seeds Tomorrow—Home Gardening Very Timely Just Now

The value of the home gardening and flower growing contest being arranged by the Women's Council for school children as a lesson in thrift and home beautification is pointed out in the following statement by J. H. Scholl, superintendent of schools: Tomorrow the children of the schools are asked to purchase garden and flower seeds. This opportunity is open to adults as well. The schools are urging the advantages to the children. This year will be an especially good year to realize the value of intensive gardening of vacant lots and small garden plats. One scarcely realizes the amount of vegetables that can be raised upon a small piece of ground.

Parents should encourage their children to engage in this healthful and profitable work. Let each home keep an accurate account of the expenses incurred and also of the value of the product raised. Children should be encouraged to study the best seeds to plant and the proper preparation and tilling of the soil suited to the amount of ground available and of the kind of soil.

Much is said of the need of thrift among all classes of people, and this work will afford a fine means for teaching lessons of thrift. Each child should be taught that there is no place for people who are not willing to support themselves. Some sort of work is needed to show that a man's wealth is measured largely by his ability to produce, and that the wealth and prosperity of the nation is mainly dependent upon the productive powers of its citizens. Besides the practical side of this gardening work there is a field for cultivating the ideas of beauty. Flower seeds and ornamental shrubbery will be sold. A little attention given to this side of landscape gardening will add to both the beauty and the value of the home. Many times fruit-bearing trees may serve as ornaments.

The seeds and plants offered for sale are cheaper than can be purchased elsewhere.

LONG TIME TO GET JURY

Noblesville, Ind., Feb. 26—Opening statements were made today in the trial of E. L. Stardevant, former president of the Hamilton Trust company, charged with conspiracy to cause the failure of the bank. The trial is being conducted by Judge Ellis of Anderson. Several days were needed to procure a jury.

Orval Martin, son of Will Martin, is critically ill at his home in Fal-mouth suffering with pneumonia.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Rushville. No Rushville resident who suffers backache, or annoying urinary ills, can remain unconvinced by this twice-told testimony.

E. L. Hinkle, 815 N. Jackson St., Rushville, says: "I was on the verge of Bright's disease. Sharp pains in my back radiated to all parts of my body and I was hardly able to walk. I couldn't rest well, owing to the irregular action of my kidneys. I doctored for over a year, but found no relief whatever. Doan's Kidney Pills entirely cured me and made me feel like a different man. The terrible pains left and the action of my kidneys became regular."

(Statement Given February 26, 1917)

THE CURE LASTED
On September 20, 1915, five years later, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting."

Price 50c at all dealers. Don't ask for a remedy. Doan's Kidney Pills—the same that Mr. Hinkle has twice publicly testified to.

THINK SINKING DELIBERATE

British Believe Submarining of Dutch Ships was Planned

(By United Press.)

London, Feb. 26.—Conviction grew in Great Britain today that Germany deliberately planned the torpedoing of the seven Dutch ships reported on Saturday to have fallen victims to German submarines.

The belief was based on the theory that Germany sought to force the Netherlands government into war so that she might raid the great store houses of food in that country. This

would explain the massing of large German forces on the Dutch border and the treachery of Berlin in not living up to a safe conduct granted to the Dutch vessels.

BELIEVE DARCY BADLY MATCHED

Match With McCoy Is Not Predicted to be a Very Great Drawing Card.

SCHEDULED FOR MARCH 5

Australian Will Pull All the Money There is in the House—Will Cost \$50,000.

BY H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, Feb. 26.—Forty thousand dollars for a bout between Les Darcy and Al McCoy, regardless of the fact that Darcy is the middleweight and heavyweight champion of Australia and that McCoy claims the middleweight championship of America is the height of extravagance.

Grant Hugh Brown's inexperience is due for the hardest lesson it ever received when he counts the dollars after the bout is pulled off in Madison Square Garden the night of March 5. Add \$10,000 to the amount guaranteed to the boxers and the amount the affair will cost the promoters is put down in figures. If Brown can hypnotize enough fight fans into plunking down cash to let him out even on such a fight then history is a bum prognosticator and nothing that ever happened counts.

There has been only one bout in the history of the Frawley boxing law that drew more than \$30,000 and that was the tilt between Jess Willard and Frank Moran. Heavyweights always draw better than any other class of boxers, so a great allowance must be made for this Benny Leonard and Freddie Welsh a bout that was touted a tremendous drawing card, put slightly more than \$26,000 in Madison Square Garden. The bout between Leach Cross and Willie Ritchie, another extremely high class affair, was far under that mark.

Darcy is a great card. A month ago he was much greater. By the time the date for his bout with McCoy rolls around he will be farther toward the discard in the minds of fans than at any time. His bout with McCoy will be so much in the nature of a trial that he will have to finish the Brooklyn boy very quickly in order to retain any standing in America. The bout will put an edge on a following performance with Mike Gibbons.

McCoy must be discounted. He is decidedly unpopular. The only drawing power contained in his name is the hope of everyone that Darcy will crush him and will want to see the operation.

IF KIDNEYS ACT • BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular uric acid. If it is inoperative cannot injure and make a guaranteed, effervescent lithia-water drink.

RUSHVILLE WINS THE FINAL CONTEST

By Defeating Shelbyville and Taking Tournament, Sets Record for Future Quintets

18 VICTORIES THIS SEASON

Defeat of New Palestine in Semi-Finals Proves Harder Task Than Shelbyville Game

Playing true to form, the Rushville high school defeated Shelbyville in the final game of the invitational basketball tournament, 30 to 18, and thereby won the basketball offered as a trophy to the winning team and established a record for future Rushville teams to shoot at, namely the winning of eighteen games in a season.

The final game Saturday night was witnessed by the largest crowd ever attending a basketball game in this city, the estimated attendance being 800.

As to the game itself, Shelbyville was a beaten team from the first whistle. Rushville led all the way and maintained practically a ten-point margin from the first. There have been many better games than this played on the local floor, but the fact that it gave Rushville the right to claim superiority over the other seven teams entered, made up for what was not displayed in playing.

The game proved rather listless, especially in the last half when the contest dragged and a great amount of time was taken out. It was the third time this year Rushville has defeated Shelbyville and the locals have about had sufficient revenge for all the defeats at the hands of Shelbyville in past years.

Rushville was the first to score and soon had a lead of six points. Shelbyville made but two field goals in the first half and three foul goals brought their total points up to 7, the first half ending seventeen to seven. In the final period Shelbyville started several rallies, playing like a whirlwind for a few moments at a time only to have the plays broken up by the Rushville guards.

Most of the play during the entire game was under the Rushville baskets. The locals missed many easy baskets and had a lot of tough luck on some hard ones. Both teams showed the effects of the day's play towards the close of the game and time was taken out several times. Martin, for Rushville, was the big point maker, getting a total of twenty of his team's thirty points. The guarding of Reed and Newhouse was the best played this year. Hack for Shelbyville played the best game for the visitors.

Rushville reached the finals by defeating New Palestine Saturday afternoon, 35 to 16. The first half of this game was the best of the entire tournament. New Palestine gave Rushville a hard fight and threw a scare into the Rushville supporters. The first half ended 16 to 13 in favor of Rushville. In the final period the locals played some real ball and held New Palestine to three points.

The lineup and summary of the Rushville-Shelbyville game follows:

Rushville (30)	Shelbyville (18)
Thorpe	Hack
Forward	Winkler
Oakley, Keating	Forward
Martin	Chambers
Center	Campbell
Newhouse	Guard
Reed	Cross
Guard	
Field goals—Martin, 8; Thorpe, 4; Keating, 1; Hack, 4; Winkler, 2.	
Foul goals—Martin, 4; Winkler, 6.	
Officials—Stiehm and Buss.	

In the curtain raiser to the big game between two all-star teams, the team led by G. Turner of Greensburg defeated the team led by Hutchinson of New Palestine, 22 to 21. The game was close throughout and some good basketball was displayed despite the fact that the players had never played together before. The winning team was composed of the following: G. Turner, Greensburg; Branch, New Palestine; Holt, Greensburg; Winkler, New Palestine; and Smith, New Palestine.

The losing team was composed of the following: Hutchinson, New Palestine; and Smith, New Palestine.

The Tailored Suit is the Garment

that is to be in greatest demand by ladies throughout the United States this spring. So say the New York style producers, and their word is final. The reasons for the suit again taking the ascendancy are many, but chief among them are the facts that the suit is the most practical and useful garment a lady can buy, and that the suit styles this spring are by far the most beautiful they have been for several seasons.

Norris, Mr. and Mrs. Andrew Kincaide, Mr. and Mrs. Robert Brown, Dr. and Mrs. John Francis, Mr. and Mrs. Herman Miller, Mr. and Mrs. Alec Innis and son, Lowell, Mr. and Mrs. John Davis, Mr. and Mrs. Andie Brown and Mrs. R. A. Petry of this city.

"Mr. Britling Sees it Through" by H. G. Wells is by far the most interesting book written during the past year," announced Miss Margaret Donnan of Indianapolis when she talked before the members of her class Saturday afternoon at the home of Mrs. Harrie Jones in North Harrison street. She gave a short but very interesting review of the book which gives conditions in England previous to the war and during its continuation. Mr. Britling speaks both from the standpoint of the allies and the Germans.

"The most touching part of the book is in the attitude of Mr. Britling toward his son, Hugh, and his first wife," she said. "Mr. Britling, in spite of his patriotism, is glad that his son is two years too young to go to war and believes surely that the war will be over before his son can go. Hugh, the son, however, goes to a training camp and deceives them about his age until he goes to war and, writing home to his father says that 'war is all a hideous madness, that there is no glory in it.' The telegram saying that Hugh has been killed is soon followed by the news that the German tutor, whom he had loved, had been killed on the other side. In sending home the violin of the tutor to his parents, Mr. Britling writes a letter of sympathy to his parents. He writes as a parent to parent and then speaks out the soul of England to that of Germany 'of the madness of it all.'"

of plays and playwrights of today. "The reason that two men often write plays and very seldom do two men write novels," said Miss Donnan in quoting the author "is because a play requires a much more ingenious framework than a novel. Each point in the action has to bear on the later development. Mr. Matthews says that the man who writes a novel is the very one who should not dramatize it, for he is bound to use a number of his pet incidents that have no bearing on the plot."

Miss Donnan explained that, according to the author, the two reasons there are no great woman dramatists is because women, who live more secluded lives than men have not had the experiences necessary for writing plays and, too, that they do not have the scientific imagination that men do.

Miss Donnan traced the development of scenery, from the times when there was absolutely no scenery on the stage, and described the square sets used until the middle of the nineteenth century, when no furniture was used.

"All of the dancing we see on the stage is not art. Some is graceful, some ungraceful, and some disgraceful. The author ascribes as the reason for minstrels going out that they have changed their purposes from portraying colored life in American to a vaudeville show. And the reason that dramatic critics are criticized is that we expect too much of them. Only things permanent deserve criticism and a number of things on the stage are not worthy of it," said Miss Donnan in giving important from different chapters in the book.

"Androcles and the Lion" by Bernard Shaw was discussed in a most interesting way by the speaker who also read passages from the play. The introduction by the author to the book of plays contains a number of facts brought out in a different way in the play, and Miss Donnan spoke briefly of the author's opinions. A comic picture of Androcles and his wife meeting the lion in the woods and Androcles making friends with him by taking the thorn from his foot was given. The same lion is later the one to whom Androcles is offered as a sacrifice in the arena and he, of course, is saved. "Perovious, the hero of the play, is the man who en-

deavors to be a Christian, to save lives, which he does, and yet when he is offered as a sacrifice in the arena, he uses his giant strength to save his life and is so admired by the emperor for it that he joins the guard," said Miss Donnan in describing one of the characters.

"Pygmalion," another play by Shaw in the same book, was reviewed by Miss Donnan as she gave the success the phonetic teacher had had with the little flower girl of the streets in making her speak as a lady of England.

MOVEMENT TO BE MADE NATIONAL

Farmers Non-Partisan League of Northwest Plans to Expand Operations

WANTS CONTROL OF MARKETS

Would Eliminate Speculating in Food Stuffs They Claim—Indiana Included

(By United Press.)

St. Paul, Feb. 26.—National headquarters for the Farmers Non-Partisan League were opened in St. Paul today.

This is the organization that recently swept North Dakota's old line politicians from control and took over the legislature to enact legislation favorable to farmers.

Bettering of marketing conditions, and entire elimination of speculative marketing of foodstuffs, and of manipulation in food through state owned terminal elevators and warehouses, was the only platform of the farmer organization.

Removal of the league headquarters from Fargo to St. Paul today is the signal for the nationalization of the movement. A. C. Townley, president of the league said. Similar organizations in Minnesota, South Dakota and Montana are now being formed.

In three charter member states of the league, marketing of what, by means other than through the Minneapolis chamber of commerce and Chicago board of trade, are planned.

That the corn marketing conditions of Illinois, Iowa and Indiana, and the fruit marketing conditions of the far west, along with the cotton marketing conditions of the south, would be helped by the political sweep of the league, is the claim of its promoters.

Evansville—Business men have organized a concern capitalized at \$160,000 to can beans in Evansville.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze, one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

TO CARRY BRICKS TO COUNCIL MEET

Citizens Will Protest Against Selling of Municipal Light Plant to Corporation.

ALSO TO BRING HEMP ROPES

Will Use Them as a Convincing and Persuasive Argument—Leading Citizens Take Part

(By United Press.)

Cicero, Ill., Feb. 26.—With bricks and hemp ropes, one for each member of the city council to back up their protest, a hundred citizens of Cicero threaten to attend the meeting of the municipal fathers tonight to voice their disapproval of a contemplated sale of the municipal light plant to the Public Service Company of Northern Illinois.

Several weeks ago the citizens committee met at the Hawthorne Auditorium to devise ways and means of bringing the recalcitrant council to their way of thinking. An invitation to the members was accepted by but one alderman, Joseph Laska.

Miss Margaret Haley, president of the Chicago Teachers Federation, spoke at the gathering and recommended the rope as a convincing and persuasive argument.

"A few years ago there was a fight in Toledo, Ohio, similar to this one," she said. "The citizens met in a body and went to the council chamber balcony. They dangled ropes in the faces of the council members and the traction company was not sold as planned."

"You citizens take ropes and do the same thing. Let them know that you are in earnest."

Frank E. Klimes, a prominent citizen urged that all voters and property owners attend—armed with a plentiful supply of brick bats.

The plan was unanimously approved and leading citizens say they intend to carry out their coup tonight.

CLAIM 500 BABIES STARVE TO DEATH

Fight is Started on Professional Baby Farms in Chicago by Health Committee.

RESULT OF INVESTIGATION

Chicago, Feb. 26.—The city council health committee and the juvenile court officials headed by Alderman Willis O. Nance, today started a fight on professional "baby farms" in Chicago.

The action is the outgrowth of an investigation. Officials estimate that more than five hundred babies, from 4 months to 4 years old, are being starved to death in the "baby boarding houses" every year.

The average charge for keeping a baby is \$3 a week, of which the "landlady" spends sixty cents for the child's food, the rest being pocketed as profit.

Besides crowding dozens of babies into filthy hovels, where they slowly die of malnutrition commonly known as starvation, and attendant diseases, many of the houses are abortion mills, where a baby will be disposed of for \$25 or \$50, the investigators found. Babies are said to be carried out for burial in suitcases.

"About one fourth of the babies are illegitimate," said Arthur A. Guild, officer of the Juvenile Protective Association. "In many cases the children come from homes where the father or mother has deserted the family. And there are a few instances where a family is able to take care of the baby but does not want it around."
